

Ardent Safety

NEBOSH

Health and Safety
Management for
Construction (UK)
Learner
Handbook

Introduction

NEBOSH is one of the major prerequisites for **health and safety** professionals both young and the experienced. With a presence in over 170 countries, NEBOSH has become the most valuable qualification amongst a wide range of other health and safety courses in the world.

Ardent Safety is an approved **Gold Standard Learning Provider** with accreditation number 917. We currently offer four NEBOSH Certificates; NEBOSH General, Construction, Fire and Environmental.

Understanding NEBOSH Construction

The Health and Safety Management for Construction course offers a comprehensive understanding of the unique challenges posed by the construction environment.

Delving into topics such as hazard identification, risk assessment, and effective control measures, this qualification equips individuals with the knowledge and skills for fostering a secure work environment.

Course benefits:

- ✓ Technical know-how to comply with legislation and implement best practice
- ✓ Practical skills to apply back in the workplace
- ✓ Confidence to influence your colleagues to work more safely
- ✓ Ability to adapt to changing workplaces and sites.

How long does it take?

The Level 7 NEBOSH Health and Safety Management for Construction (UK) will involve a minimum of 70 taught hours, and approximately 40 hours of private study and background reading to prepare for the 48 hours open book examination.

Practical assessment

This is a digital assessment based on a realistic scenario, that will test both what you know and what you can do. You will be asked to carry out a series of tasks using evidence from the scenario and the underpinning knowledge gained through your studies and revision.

You will have 48 hours to download, complete and submit your assessment.

Professional recognition

Holders of the NEBOSH Health and Safety Management for Construction (UK and International) are entitled to associate Membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM).

Holders of the NEBOSH Health & Safety Management for Construction (UK) qualification are eligible to apply for the Construction Skills Certification Scheme (CSCS) Academically Qualified Person (AQP) card. Holders of the Level 6 version (assessment completed on or before 17 January 2023) are eligible to apply until 31 December 2024.

What will I know?

The broad syllabus includes:

- ✓ CDM roles and responsibilities
- ✓ Health and safety culture
- ✓ Assessing risk
- ✓ Managing change
- ✓ Excavation
- ✓ Demolition
- ✓ Mobile plant and vehicles
- ✓ Working at height
- ✓ Musculoskeletal health
- ✓ Work equipment
- ✓ Electricity
- ✓ Fire
- ✓ Chemical and biological agents
- ✓ Physical and psychological health.

Successful learners will be able to:

- Recognise, assess and control a range of common construction hazards
- Develop safe systems of work
- Take part in incident investigations
- Advise on the roles, competencies and duties under construction legislation
- Positively influence health and safety culture
- Confidently challenge unsafe behaviours
- Help manage contractors.

Language requirements

Assessments are available in English. However, your standard of English must be such that you can both understand and articulate the concepts contained in the syllabus.

NEBOSH recommends that non-native speakers undertaking this qualification should have a minimum standard of English.

Learners wishing to assess their own language expertise may consult the FAQs on the [IELTS website](#)

Enrolment period

Learners are enrolled for the course and are given an initial enrolment period to last for five years.

During this period, learners must pass their first unit within five years. If you are not successful at your first unit within this period, you will need to re-enrol and pay another registration fee.

Who is it for?

- ✓ Construction site managers
- ✓ Contracts managers
- ✓ Site workers with health and safety responsibilities
- ✓ Construction health and safety advisors

It also makes excellent continued professional development for health and safety professionals working in other industries or looking to move into construction.

Learner agreement

When you join the course, you will be guided by the following agreement:

Ardent Safety will:

- ✓ Provide you with the information you need to pass the qualification
- ✓ Provide a classroom environment which is conducive to learning
- ✓ Use suitably qualified and experienced tutors to deliver the course
- ✓ Cover all the specification learning outcomes
- ✓ Provide you with expert advice on revision and examination technique
- ✓ Be diligent and courteous at all times.

You must:

- ✓ Ensure active participation to learning, rather than passive.
- ✓ Attend all scheduled sessions
- ✓ Contribute to group discussions in a positive manner
- ✓ Complete the recommended number of study hours
- ✓ Pay attention to tutors' advice in regards to revision and examination technique
- ✓ Bring all learning difficulties to the attention of the centre and tutor as quickly as possible.
- ✓ Familiarize yourself with the NEBOSH's Learner Terms and Conditions.

How training runs

Classroom sessions follow an interactive and disciplined learning method – the full-time course consists of an intensive and focused 10-days training.

Training consists of lectures, videos, discussions, activities, assignments and sharing of professional experiences among delegates and trainers. During this period, delegates are guided by our expert tutor who are dedicated to ensuring trainings are successfully delivered.

Your tutor will be available to provide support in relation to course content and assessment preparation throughout the course of study.

Revision support

Revision is an essential to passing an exam. Ardent have a range of ways to prepare you for your exams:

Throughout the course you will be given the chance to work through past exam questions with both a tutor and your fellow Learners.

Ardent also offer revision workshops both group and individual that provides you with the opportunity to discuss specific subjects with the tutor, practice questions, get feedback on your answers, and exchange last-minute tips with fellow Learners. It also gives you the chance to avoid the common mistakes made in exams, so you don't fall into the same trap.

Learning resources

You will be provided with the RRC or RMS NEBOSH Health and Safety Management for Construction (UK) texts book.

Prior to starting your course you will find several useful resources at:

<https://www.nebosh.org.uk/qualifications/health-and-safety-management-for-construction-uk/#resources>

Examination details

CN1 - For the CN1 digital assessment learners will have 48 hours to access, complete and submit their paper starting at 11am (UK time) on the examination date.

Results and certificates

All results for assessments taken in English should be received within 50 working days from the date of the examination.

The specific date is written on your examination entry confirmation.

Important note

NEBOSH Health and Safety Management for Construction (UK) is a standalone qualification.

This means that you will not be able to use units from other NEBOSH qualifications against any part of this qualification.

A copy of our full terms and conditions will be sent to you alongside your quote.

Access arrangement, special consideration and reasonable adjustments

It is NEBOSH policy that all candidates should be given access to a fair and equal assessment. The NEBOSH “Policy and procedures for access arrangements, reasonable adjustments and special consideration” ensures that no candidate is placed at an unfair disadvantage, or advantage, over other candidates. In so doing, NEBOSH aims to comply with legislation intended to prevent unfair discrimination and the criteria laid down by the regulatory authorities.

Below are examples of arrangements available:

Access arrangements allow candidates with special educational needs, disabilities, and temporary injuries to access the assessment. Ardent will provide a reader, laptop to aid your learning experience.

Reasonable Adjustment can be made where a candidate, who is disabled within the meaning of the Equality Act 2010, would be at a substantial disadvantage in comparison to someone who is not disabled. NEBOSH is required to take reasonable steps to overcome that disadvantage. For example, a Braille paper would be a reasonable adjustment for a visually impaired person who could read Braille.

Special consideration can be applied for candidates who are present for the assessment but may have been disadvantaged by temporary illness, bereavement, injury, or adverse circumstances that arose at or near the time of assessment.

If you would like to apply for any of the above arrangements, please write to us to discuss your requirements. Ardent will then complete this application on your behalf.

Confirmation of your request will be sent to you from NEBOSH prior to your assessment. If any granted adjustments do not meet your requirements, please contact us immediately to allow your application to be reviewed.

Re-sitting

You may re-sit a unit assessment if:

- you achieved a 'Pass' in a unit that is five or more years old, and you need it to achieve the qualification;
 - you are 'Referred' (i.e., don't pass);
- or**
- want to retake Unit CN1 to get a higher grade.

There is no limit to the number of times you can re-sit the unit within the five-year period. An additional examination fee is chargeable.

Course Advisor

Interested learners are assigned to a dedicated course advisor who will be in-charge of your learning journey.

We will schedule a call or a face to face meet with your advisor prior to signing up for the course to ensure this is the right course for you and to allow us to understand your needs in order for us to give you the best support we can which suits your learning style.

Furthermore, your mobile number will be added to a WhatsApp group to receive additional resources for your study.

Equal opportunities policy

We are committed to equal opportunities in the provision of our services as a learning partner and training provider. The aim of this policy is to ensure that all external individuals and organisations with which Ardent Safety has a relationship receive equal treatment regardless of gender, sexual orientation, colour, ethnic or national origin, age, marital status, family circumstances, socio-economic background, disability and religious or political beliefs. In so doing, we aim to comply with legislation intended to prevent unfair discrimination.

Complaints procedure

We treat complaint as a statement of dissatisfaction brought by an individual or group. We will make every effort to resolve complaints at the earliest possible opportunity, and in the main this will be on an informal basis. Regular Learner Feedback sessions are held that help us to use our resources in the best way possible to meet learners needs.

We recognise that there may be occasions when these information and feedback mechanisms are not sufficient to deal with the complaint. For this reason, we have a formal complaints procedure to ensure that your complaints are dealt with in a timely and professional way.

There are usually three stages to the Learner Complaints Procedure. Unless there is good reason for doing so, a student may not progress their complaint to a higher stage unless all lower stages have been completed. They are Informal, Formal and Appeal process.

The complaints procedure aims to:

- ✓ Be easily accessible.
- ✓ Resolve complaints at the right level.
- ✓ Allow for timely handling, with established time frames for action.
- ✓ Ensure a full and fair investigation.
- ✓ Respect complainants desire for confidentiality wherever possible.
- ✓ Provide an appropriate response.
- ✓ Feedback into Ardent's procedures to ensure that future services are improved.

You can find NEBOSH'S complaints procedure by clicking [HERE](#)

Queries

If you have any queries, our team is contactable on info@ardentsafety.co.uk or 01229 808320
